Experience

EPAM Continuum (Hybrid | Boston, MA)

Senior Industrial Designer (4/2022 - Present)

- Led design of award-winning medical device, prompting client to expand project scope.
- Devised products for diverse sectors including medical, life sciences, and lab imaging.
- Created engaging narratives to boost stakeholder engagement through illustrations and animations.
- Secured multi-million-dollar accounts with persuasive pitch decks.
- Navigated difficult conversations, scope creep, and shifting client desires during consulting with consistent positive results and 100% client retention.
- Enhanced workshops to increase client engagement and ideation.
- Conducted ergonomic and aesthetic development study.

Farm (Remote | Hollis, NH)

Industrial Designer (6/2021 - 4/2022)

- Revitalized surgical robotics project, aligning it closer to client's size and maintenance goals.
- Strengthened client relationships through workshops, resulting in positive project report.
- Aided in brainstorming for projects including organ transport equipment.
- Mentored two interns and managed recruitment efforts.
- Created and copyrighted onboarding and workshop assets.
- Boosted social media presence, increasing followers and creating top-performing posts.

Canopy (Remote)

Contract Industrial Designer (4/2020 - 6/2022)

- Pioneered flagship product as founding member of the core team.
- Listed on two patents with the product release.
- Prepared final production CAD for multi-part assemblies.
- Influenced branding decisions for physical product, web, social media, and packaging.
- Designed packaging for multiple SKUs, ensuring regulatory compliance and brand guidelines.
- Developed instructions for use (IFU) for product, adjusting for regulatory requirements.
- Created all social media content including rendering imagery and animations.
